

Health Facilities

The Infirmary at SurenDRanagar University is dedicated to providing immediate medical care and ensuring the health and well-being of all students and staff on campus. Our well-equipped medical facility is designed to handle minor injuries, illnesses, and medical emergencies, offering prompt and professional assistance.

About the Infirmary

Located centrally within the campus for easy access, the Infirmary operates as a crucial support system for students' health needs. It serves as a first point of contact for anyone feeling unwell or needing medical attention, ensuring that immediate care is provided in a safe and comfortable environment.

Medical Facilities

The Infirmary is furnished with essential medical equipment and supplies to handle routine medical issues, minor injuries, and emergencies. It offers a dedicated medical room for consultations, examinations, and treatments. The facility also provides basic first aid, emergency care, and regular health check-ups to promote the overall well-being of the university community.

Medical Team

A qualified medical team, including certified doctors and trained nursing staff, is available during working hours to address the medical needs of students and staff. The team is well-versed in handling various health concerns and is always ready to provide the necessary care, referrals, or guidance to specialized treatment if needed. The Infirmary at Rai University is committed to ensuring the physical well-being of the university community by providing efficient and accessible healthcare services.
